ANNEXURE 'A' TO DIRECTORS' REPORT

NOMINATION AND REMUNERATION COMMITTEE POLICY

STEEL PRODUCTS LTD. believes that an Enlighted Board consciously creates a culture of leadership to provide a long-term vision and policy approach to improve the quality of governance. Constitution of the Board of Directors ensures appropriate composition, size, diversified expertise and experience and commitment to discharge their responsibilities and duties effectively. The importance of Independent Directors in achieving the effectiveness of the Board was also recognized. The Company intends to have an optimum combination of Executive, Non-Executive and Independent Directors.

The Company has, therefore, formulated the remuneration policy duly approved by Board for its Directors, Key Managerial Personnel and other employees keeping in view the following objectives:

- a. Ensuring that the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate, to run the Company successfully.
- b. Ensuring that relationship of remuneration to performance is clear and meets the performance benchmarks.
- c. Ensuring that remuneration involves a balance between fixed and reflecting short and long term performance objectives appropriate to the working of the Company and its goals.

The main object of this Committee is to identify persons who are qualified to become directors and who may be appointed in senior management of the Company. The committee recommends to the Board their appointment and removal and shall carry out evaluation of every Director's performance, recommend the remuneration package of both the Executive and the Non-Executive Directors of the Board and also the remuneration of Senior Management from time to time.

This Policy sets out the guiding principles for the Nomination and Remuneration Committee for identifying persons who are qualified to become Directors and to determine the independence of Directors, in case of their appointment as independent directors of the Company and also for recommending to the Board the remuneration of the Directors, Key Managerial Personnel and other employees of the Company

The Nomination and Remuneration Committee, and the Board, shall review on an annual basis, appropriate skills, knowledge and experience required of the Board as a whole and its individual members. The objective is to have a Board with diverse background and experience that is relevant for the Company's operations.

In evaluating the suitability of individual Board members, the Committee may take into account factors, such as General understanding of the Company's business, Educational and professional background, Personal and professional ethics, integrity and values, willingness to devote sufficient time and energy in carrying out their duties and responsibilities effectively.

The Managing Director fulfills the following requirements:

- (a) possess Director Identification Number;
- (b) Not disqualified under the Companies Act, 2013;
- (c) Given his written consent to act as a Director;
- (d) Endeavor to attend all Board Meetings;
- (e) has disclosed his concern or interest as required under the Companies Act 2013;
- (f) Other requirements as may be prescribed, from time to time, under the Companies Act, 2013,

The Committee shall assess the independence of Directors at the time of appointment / re-appointment and the Board shall assess the same annually. The Board shall re-assess determinations of independence when any new interests or relationships are disclosed by a Director. The criteria of independence, as laid down in Companies Act, 2013 should be strictly followed.

The Independent Directors shall abide by the "Code for Independent Directors" as specified in Schedule IV to the Companies Act, 2013.

The Board members are expected to have adequate time and expertise and experience to contribute to effective Board performance. Accordingly, members should voluntarily limit their directorships in other listed public limited companies in such a way that it does not interfere with their role as directors of the Company.

The Board, on the recommendation of the Nomination and Remuneration Committee, shall review and approve the remuneration payable to the Executive Directors / Key Managerial Personnel of the Company within the overall limits approved by the shareholders.

The remuneration structure to the Executive Directors and Key Managerial Personnel shall include Basic Pay, Perquisites and Allowances & Retirement Benefits. Where any insurance is taken by the Company on behalf of its managing directors, chief financial officer, the company secretary and any other employees for indemnifying them against any liability, the premium paid on such insurance shall not be treated as part of the remuneration payable to any such personnel.

Committee on review of performance of Directors, KMPs and other employees of the Company may recommend to the Board for removal of such person if they consider him not to continue further in the interest of the Company, due to any of the reasons for disqualification as provided under the Act or on any reservation about their performances.

This policy shall be reviewed by the nomination and remuneration committee as and when changes need to be incorporated in the policy due to changes in regulation or as may be felt appropriate by the committee. Any change or modification in the policy as recommended by the committee would be given for approval to the Board.

This policy is framed based on the provisions of the Companies Act 2013 and rules there under and requirements of Clause 49 of the Listing agreement with the stock exchanges.

Information Other than the Financial Statements and Auditors' Report Thereon

The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also

includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- I. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- II. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- III. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- IV. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are

required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- V. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality, in the context of any entity's financial statement taken as a whole, is the nature or magnitude of financial information, or both that individually or in the combination with other information is reasonably be expected to influence the economic decisions of a reasonably knowledgeable primary user of general purpose financial statements. In planning the scope of our audit work, evaluating the results of our work and evaluating the financial effect of any identified omissions, misstatements or obscuration in the financial statements we consider quantitative materiality and also the qualitative factors.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

ANNEXURE "B"

As stated in paragraph 2 (f) of Report on Other Legal and Regulatory Requirements

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of STEEL PRODUCTS LIMITED ("the Company") as at March 31, 2023 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of IndAS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanations given to us and based on our audit, the following material weakness have been identified in the Company's internal financial controls over financial reporting as at March 31, 2023.

Having regard to the explanation given to us, we have found that balance confirmations have not been received from major suppliers and debtors. Also certain payments of government dues and Cenvat are accounted in different heads which are being reconciled by the management. Pending the above reconciliation and in the absence of the confirmations from the respective parties we are of the opinion that there may be some impact on the financial statements due to the weakness found in the internal control system. However we have not been able to quantify the impact of the said observation. However during the course of our audit we have not observed any continuing failure to correct major weaknesses in the internal control.

A "material weakness" is a deficiency, or a combination of deficiencies, in Internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, to the best of our information and according to the explanations given to us, except for the effects/ possible effects of the material weaknesses described above on the achievement of

the objectives of the control criteria, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls system over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the material weaknesses identified and reported above in determining the nature, timing and extent of audit tests applied in our audit of the March 31, 2023 Ind As financial statements of the Company, and these material weaknesses has affected our opinion on the financial statements of the company and therefore we, where relevant and applicable, have issued qualified opinion on the Ind AS financial statements of the Company.

Notes 1 : forming part of the financial statements as at 31st March, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Corporate Information

Steel Products Limited ('the company') is a public company domicile in India and incorporated under the provisions of the Companies Act, 1913. Its shares are listed on Calcutta Stock Exchange Limited. The company is primarily engaged in the business of installation of OPGW and having registered office at 96 Garden Reach Road, Kolkata – 700023.

These financial statements of the company for the year ended March 31, 2023 were approved and authorized for issue by Board of Directors on May 17, 2023.

Statement of compliance

The Company has adopted Indian Accounting Standards (referred to as "Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) read with Section 133 of the Companies Act, 2013 ("the Act")

SIGNIFICANT ACCOUNTING POLICIES

(A) Basis of preparation

The financial statements have been prepared under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair values by Ind AS.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

As the operating cycle cannot be identified in normal course, the same has been assumed to have duration of 12 months. All Assets and Liabilities have been classified as current or non-current as per the operating cycle and other criteria set out in Ind AS-1 'Presentation of Financial Statements' and Schedule III to the Companies Act, 2013.

(B) Use of Estimates

The preparation of financial statements require management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosures relating to contingent liabilities and assets as at the Balance Sheets date and the reported amounts of income and expenses during the year. Difference between the actual results and the estimates are recognized in the year in which the results are known/ materialize.

(C) Property, plant and equipment

An item of property, plant and equipment is recognised as an asset if it is probable that the future economic benefits associated with the item will flow to the Company and its cost can be measured reliably.

STEEL PRODUCTS LIMITED

CIN : L27109WB1917PLC002880

Notes forming part of the financial statements as at 31st March, 2023

Property, plant and equipment (PPE) are stated at cost of acquisition or deemed cost on the date of transition less accumulated depreciation and impairment losses, if any. Cost of an asset comprises of cost of acquisition or construction and includes, where applicable, inward freight, duties and taxes, installation expenses, professional fees, borrowing costs, initial estimates of the cost of dismantling, cost of replacing parts of the property, plant and equipments and other costs directly attributable to the bringing the asset to the location and condition necessary for it to be capable of operating in the intended manner and purposes. Capital Spare parts which are integral part of the plant and equipment are capitalised. When significant parts of plant and equipment are required to be replaced at intervals, the same are capitalised and old component is derecognised.

Capital work in progress includes machinery to be installed, construction and erection materials, borrowing costs, unallocated pre-operative and other expenditures directly attributable towards construction and erection of the assets.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Assets to be disposed off are reported at the lower of the carrying value or the fair value less cost to sell.

(D) Intangible assets

Intangible assets are stated at cost comprising of purchase price inclusive of duties and taxes, where applicable, less accumulated amount of amortization and impairment losses. Such assets, are amortized over the useful life using straight line method and assessed for impairment whenever there is an indication of the same.

Accordingly, cost of computer software packages has been allocated / amortized over a period of 5 years on straightline basis.

(E) Depreciation and Amortisation of property, plant and equipment and intangible assets

Depreciation has been provided as per the useful life specified under Schedule II to the Companies Act 2013 under WDV method. Leasehold land is amortized over the period of lease. Additions on account of improvements/modifications, which becomes an integral part of the existing asset and either do not have separate identity and/or are not capable of being used after the existing asset is disposed off, are depreciated over the remaining useful lives of the assets (improved /modified) they are attached with.

(F) Impairment

Tangible and Intangible assets are reviewed at each balance sheet date for impairment. In case events and circumstances indicate any impairment, recoverable amount of assets is determined. An impairment loss is recognized in the statement of profit and loss, whenever the carrying amount of assets either belonging to Cash Generating Unit (CGU) or otherwise exceeds recoverable amount. The recoverable amount is the higher of assets fair value less cost of disposal and its value in use. In assessing value in use, the estimated future cash flows from the use of the assets are discounted to their present value at appropriate rate. Impairment losses recognized earlier may no longer exist or may have come down.

STEEL PRODUCTS LIMITED

CIN : L27109WB1917PLC002880

Notes forming part of the financial statements as at 31st March, 2023

Based on such assessment at each reporting period the impairment loss is reversed and recognized in the Statement of Profit and Loss. In such cases the carrying amount of the asset is increased to the lower of its recoverable amount and the carrying amount that have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years.

(G) De-recognition of Tangible and Intangible Assets

An item of PPE is de-recognised upon disposal or when no future economic benefits are expected to arise from its use or disposal. Gain or loss arising on the disposal or retirement of an item of PPE is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss.

(H) Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument.

Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

The financial assets and financial liabilities are classified as current if they are expected to be realised or settled within operating cycle of the company or otherwise these are classified as non current.

The classification of financial instruments whether to be measured at Amortized Cost, at Fair Value Through Profit and Loss (FVTPL) or at Fair Value Through Other Comprehensive Income (FVTOCI) depends on the objective and contractual terms to which they relate. Classification of financial instruments are determined on initial recognition.

(I) Financial assets and Liabilities

Cash and bank balances

Cash and bank balances consist of:

(i) Cash and cash equivalents –

All highly liquid financial instruments, which are readily convertible into determinable amounts of cash and which are subject to an insignificant risk of change in value and are having original maturities of three months or less from the date of purchase, are considered as cash equivalents. Cash and cash equivalents includes balances with banks which are unrestricted for withdrawal and usage.

Notes forming part of the financial statements as at 31st March, 2023

(ii) Financial Assets and Financial Liabilities measured at amortized cost

Financial Assets held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are measured at amortized cost.

The above Financial Assets and Financial Liabilities subsequent to initial recognition are measured at amortized cost using Effective Interest Rate (EIR) method. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts (including all fees and points paid or received, transaction costs and other premiums or discounts) through the expected life of the Financial Asset or Financial Liability to the gross carrying amount of the financial asset or to the amortised cost of financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

(iii) Financial Asset at Fair Value through Other Comprehensive Income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Subsequent to initial recognition, they are measured at fair value and changes therein are recognized directly in other comprehensive income.

For the purpose of para (ii) and (iii) above, principal is the fair value of the financial asset at initial recognition and interest consists of consideration for the time value of money and associated credit risk.

(iv) Financial Assets or Liabilities at Fair value through profit or loss

Financial Instruments which do not meet the criteria of amortized cost or fair value through other comprehensive income are classified as Fair Value through Profit or loss. These are recognised at fair value and changes therein are recognized in the statement of profit and loss.

(v) Impairment of financial assets

A financial asset is assessed for impairment at each reporting date. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset. The company measures the loss allowance for a financial assets at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. However, for trade receivables or contract assets that result in relation to revenue from contracts with customers, the company measures the loss allowance at an amount equal to lifetime expected credit losses.

STEEL PRODUCTS LIMITED

CIN : L27109WB1917PLC002880

Notes forming part of the financial statements as at 31st March, 2023

(VI) De-recognition of financial Assets and Liabilities

The Company de-recognizes a financial asset or a group of financial assets when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. On de-recognition of a financial asset (except for equity instruments designated as FVTOCI), the difference between the asset's carrying amount and the sum of the consideration received and receivable are recognized in statement of profit and loss. On de-recognition of assets measured at FVTOCI the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment.

Financial liabilities are derecognized if the Company's obligations specified in the contract expire or are discharged or cancelled. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in Statement of Profit and Loss.

(J) Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

(i) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Par value of the equity shares is recorded as share capital and the amount received in excess of par value is classified as Securities Premium.

Costs directly attributable to the issue of ordinary shares are recognized as a deduction from equity, net of any tax effects.

Employee benefits

Short term Employee benefits is recognized as expenses at the undiscounted amount in the Statement of Profit and Loss of the year in which the related service is rendered.

Provident & Family Pension Fund: In accordance with the provisions of the Employee Provident Funds and Miscellaneous Provisions Act, 1952, eligible employees of the company are entitled to receive benefits with respect to provident fund, a defined contribution plan, in which both the company and employee contribute monthly to Provident Fund Scheme by

Gratuity: Employee benefits under defined benefit plans are determined at the close of each year at the present value of the amount payable using actuarial valuation techniques. Contributions under the scheme for defined benefit under the Payment of Gratuity Act, 1972, is determined on the basis of actuarial valuation and are funded to SBI Life Insurance Company Limited and Birla Sun Life Insurance Company Limited and recognized as year's expenditure. Actuarial gain and losses arising from experience adjustments and changes in actuarial assumptions are recognized in other comprehensive income. Remeasurements are not classified to the statement of Profit and Loss in subsequent periods.

STEEL PRODUCTS LIMITED

Notes forming part of the financial statements as at 31st March, 2023

Other costs recognized in the Statement of Profit or Loss. Bifurcation of liabilities into Current and Non current are done based on actuarial valuation report.

Leave Encashment Benefits: Leave encashment benefits payable to employees while in service, retirement and on death while in service or on termination of employment. With respect to accumulated leaves outstanding at the year-end are accounted for on the basis of actuarial valuation at the balance sheet date. The present value of such obligation is determined by the projected unit credit method as at the balance sheet date through which the obligations are settled. The resultant actuarial gain or loss on change in present value of defined benefit obligation or change in return of the plan assets is recognized as an income or expense in the Statement of Profit and Loss. Bifurcation of liabilities into Current and Non-current are done based on actuarial valuation report

(K) Inventories

Inventories are stated at the lower of cost and net realizable value. The cost in respect of raw materials and stores and spares is determined on FIFO basis and in respect of finished goods and stock in process is determined on weighted average basis.

Cost of raw materials and stores & spares include the taxes and duties other than those recoverable from taxing authorities and expenses incidental in bringing the inventories to their present location and condition. Cost in case of stock-in-process and finished goods represent prime cost and appropriate portion of overheads.

(L) Provisions

Provisions are recognised in the balance sheet when the Company has a present obligation (legal or constructive) as a result of a past event, which is expected to result in an outflow of resources embodying economic benefits which can be reliably estimated. Each provision is based on the best estimate of the expenditure required to settle the present obligation at the balance sheet date. Where the time value of money is material, provisions are measured on a discounted basis. Constructive obligation is an obligation that derives from an entity's actions where:

(a) by an established pattern of past practice, published policies or a sufficiently specific current statement, the entity has indicated to other parties that it will accept certain responsibilities and;

(b) as a result, the entity has created a valid expectation on the part of those other parties that it will discharge those responsibilities.

Contingent liabilities is not recognized and are disclosed by way of notes to the financial statements when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or when there is a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the same or a reliable estimate of the amount in this respect cannot be made.

Contingent Assets are disclosed in the financial statements by way of notes to accounts when an inflow of economic benefits is probable.

Notes forming part of the financial statements as at 31st March, 2023

(M) Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable net of customer returns, rebates and similar allowances.

(N) Sale of goods and services

(a) Revenue from sale of goods is recognized when the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

- the company has transferred to the buyer the significant risks and rewards of ownership of the goods;
- the company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the economic benefits associated with the transactions will flow to the company;
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

This represents the net invoice value of goods supplied to third parties after deducting trade discounts, returns, volume rebates and outgoing sales tax and is inclusive of packing charges and excise duty there against.

(b) Export benefits such as duty drawback etc. are recognized in the statement of profit & loss on accrual basis when the right to receive the same is established.

(O) Interest Income.

Interest income from a financial assets is recognized when it is probable that the economics benefit will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principle outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial assets to that asset's net carrying amount on initial recognition.

(P) Borrowing Cost.

Borrowing Costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for there intended use of sale, are added to the cost of those assets, until such time as the assets are substantially ready for there intended use.

STEEL PRODUCTS LIMITED

CIN : L27109WB1917PLC002880

Notes forming part of the financial statements as at 31st March, 2023

(Q) Construction Contracts

When the outcome of a construction contract can be measured reliably, revenue and costs are recognized by reference to the stage of completion of the contract activity at the end of the reporting period, measured based on the proportion of contract costs incurred for work performed to date relative to the estimated total contract costs, except where this would not be representative of the stage of completion.

Variations in contract work, claims and incentive payments are included to the extent of the amount can be measured reliably and its receipt is considered probable.

The outcome of a construction contract is considered as estimated reliably when (a) all critical approvals necessary for the commencement of the project have been obtained; (b) the stage of completion of the project reaches a reasonable level of development i.e. the expenditure incurred on construction and development cost is at least 25% of the development and construction costs; (c) atleast 25% of the saleable project area is secured by contracts or agreements with buyers; and (d) atleast 10% of the contract consideration as per the agreements of sale are realized at the reporting date and it is reasonably expected that the counterparty will comply with the payment terms in the agreements.

When the outcome of a construction contract cannot be estimated reliably, contract revenue is recognised to the extent of contract costs incurred that it is probable it is probable will be recoverable. Contract costs are recognized as expense in the period in which they are incurred.

When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognized as an expense immediately.

When contract costs incurred to date plus recognized profits less recognized losses exceed progress billings, the surplus is shown as amount due from customers for contract work. For contracts where progress billings exceed contract costs incurred to date plus recognized profits less recognized losses, the surplus is shown as amount due to customers for construction work. Amounts received before the related work is performed are included in the balance sheet, as a liability, as advances received. Amounts billed for work performed but not yet paid by the customer are included in the balance sheet as trade receivables.

(R) Foreign Currency Transactions

(i) Presentation Currency:

These financial statements are presented in Indian Rupee, the national currency of India, which is the functional currency of the company.

STEEL PRODUCTS LIMITED

CIN : L27109WB1917PLC002880

Notes forming part of the financial statements as at 31st March, 2023

(ii) Transactions and Balances:

Transactions in foreign currencies are translated into the functional currency at the exchange rates prevailing on the date of the transactions. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of transaction. Foreign exchange gain/loss to the extent considered as an adjustment to Interest Cost are considered as part of borrowing cost. The loss or gain thereon and also on the exchange differences on settlement of the foreign currency transactions during the year are recognized as income or expense in the statement of profit and loss.

(S) Income Tax

Income tax expense representing the sum of current tax expenses and the net charge of the deferred taxes is recognized in the income statement except to the extent that it relates to items recognized directly in equity or other comprehensive income.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilized.

The government of India has pronounced section 115BAA of the Income Tax Act, 1961 through Taxation Laws (Amendment) Ordinance, 2019. The company has calculated the taxes on income for the year ended 31st March, 2023 as per the new provisions considering the new tax rates @22%, surcharges @10% and 4% Cess.

(T) Earning Per Share.

Basic earnings per share is computed by dividing the net profit or loss for the year attributable to equity share holder of the company by the weighted average number of equity shares outstanding during the financial year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity share holder of the company and the weighted average number of equity shares outstanding during the financial year is adjusted for the effects of all dilutive potential equity shares.

Notes forming part of the financial statements as at 31st March, 2023

(U) Leases

a. Where the Company is the lessee

Leases where the lessor effectively retains substantially all the risk and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.

Assets acquired under lease where the company has substantially all the risk and rewards of ownership are classified as finance leases. Such assets are capitalized at the inception of the lease at the lower of the present value of minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest costs, so as to obtain a constant periodic rate of interest on the outstanding liability for each period.

b. Where the Company is the lessor

Assets subject to operating lease are included in fixed assets. Lease income is recognized in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation are recognized as an expenses in the statement of Profit & Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the statement of Profit & Loss.

Assets given under a finance lease are recognized as a receivable at an amount equal to the net investment in the lease. Lease income is recognized over the period of the lease so as to yield a constant rate of return on the net investment in the lease. Initial direct costs relating to assets given on finance leases are charged to Statement of Profit and Loss.

(V) Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The company categorizes assets and liabilities measured at fair value into one of the three levels depending on the ability to observe inputs employed in their measurements which are described as follows :

- (a) Level 1 :- Inputs are quoted prices (unadjusted) in active market for identical assets or liabilities.
- (b) Level 2 :- Inputs are inputs that are observable, either directly or indirectly, other than quoted prices included within level 1 for the asset or liability
- (c) Level 3 :- Inputs are unobservable inputs for assets or liability reflecting significant magnifications to observable related market data or company's assumptions about pricing by market participants.

(W) Standards notified but not yet effective

The MCA notification dated the 31st march 2023, has amended Ind ASs 101, 102,103, 107, 109, 115, 1, 8, 12 & 34 which will be applicable for annual reporting periods beginning on or after 1st April, 2023. The Company is in process of evaluating the impact of these modifications.

Fair Valuation techniques

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values :

The fair value of cash and cash equivalents, current trade receivables and payables, current financial liabilities and assets and borrowings approximate their carrying amount largely due to the short-term nature of these instruments. The management considers that the carrying amounts of financial assets and financial liabilities recognised at nominal cost/amortised cost in the financial statements approximate their fair values.

FINANCIAL RISK FACTORS

The Company's financial liabilities comprise borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's financial assets include trade and other receivables, cash and cash equivalents and deposits.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

I. MARKET RISK

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: Interest rate risk, currency risk and other price risk, such as raw material and fuel price risk. Financial instruments affected by market risk include borrowings, trade payables, trade receivables, etc.

Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to The Company evaluates the impact of foreign exchange rate fluctuation by assessing its exposure to exchange rate risks.

The carrying amount of various exposures to foreign currency as at the end of the reporting period are as follows :

Particulars		As at 31st March, 2023	As at 31st March, 2022
Trade receivables			
USD		\$ 2,60,506	\$ 52,867

Sensitivity analysis resulting in profit or loss mainly from USD denominated receivables are as follows:

Particulars	Change in Rate	Foreign currency receivable	Effect on Profit/(loss) before tax
As as 31st March, 2023	%		
Weakning of INR	5%	215.18	10.76
As as 31st March, 2022			
Weakning of INR	5%	40.13	2.01

A 5% strengthening of INR would have an equal and opposite effect on the Company's financial statements.

Notes to financial statements for the year ended 31st March, 2023

(Amount in Lakhs)**II. Credit Risks**

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities primarily trade receivables and other financial assets including deposits with Bank. Exposure to credit risk is monitored on an ongoing basis. The Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends and ageing of accounts receivable.

The Company's exposure of its counterparties are continuously monitored and the aggregate value of transactions is reasonably spread amongst the counterparties.

Credit quality of a customer is assessed based on the performance of the customer. Outstanding customer receivables are regularly monitored.

An impairment analysis is performed at each reporting date on an individual basis for all the customers. The maximum exposure to credit risk at the reporting date is the carrying value of trade receivables disclosed in Note 10.

The carrying amount of respective financial assets recognised in the financial statements, (net of impairment losses), represents the Company's maximum exposure to credit risk. The concentration of credit risk is limited due to the customer base being well established, large and unrelated.

The Company establishes an allowance for impairment that represents its estimate of incurred losses in respect of trade and other receivables. Receivables from customers are reviewed/evaluated periodically by the management and appropriate impairment allowances for doubtful debts are made to the extent recovery there against has been considered to be remote.

Financial assets that are neither past due nor impaired

Cash and cash equivalents, and deposits with banks are neither past due nor impaired. Cash and cash equivalents with banks are held with reputed and credit worthy banking institutions.

Financial assets that are past due but not impaired

Trade receivables amounts that are past due at the end of the reporting period against which no credit losses has been expected to arise .

III. Liquidity Risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company invests its surplus funds in bank fixed deposit and Mutual Funds which carry no market risk. The company relies on borrowings and internal accruals to meet its fund requirement. The current committed line of credit are sufficient to meet its short to medium term fund requirement.

Liquidity table

The following tables detail the Company's contractual maturity for its non derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows as at balance sheet date:
